SOCIAL BENEFIT AND/OR IMPACT

Pragyata Foundation has established multiple education centers and provides cost-free education to underprivileged women and children. We have also set up free silai (stitching centers) to promote life and job skills among women, thus increasing employment and livelihood opportunities for the empowerment of women. Besides these, we also carry out regular free health checkup camps, menstrual hygiene awareness workshops and mental health sessions, and donate health and hygiene kits and sanitary pads to underprivileged women. During the pandemic, our team engaged in relief work and conducted regular food, ration, masks, sanitizers and soaps distribution drives for marginalized communities and set up multiple community kitchens.

Our fundamental goal is to prepare the citizens for a fulfilling and stable life. This starts right from a young age, which is why we focus on educating the children and providing them a quality experience. We further help underprivileged women and grown-up men who're struggling to find work or face discrimination. In doing so successfully, we can enable all demographics to grow and the national standard to rise along. Mentioned below are our major projects that help us achieve our mission.

KEY OBJECTIVES

- To establish a strong educational foundation within the heart of every child
- To ensure that every citizen has equal rights and enjoys constitutional privileges to their best
- To reaffirm that everyone performs their duties towards the society by uplifting other sections; hence, themselves as a whole
- To guide the process of social change in (not limited to) finances, mindset, opportunities and values
- To contribute to developing India in terms of capable youth power, widespread presence of quality facilities, strong sense of nationwide unity and social responsibility
- To help all in need by committing to provide help in uplifting their lifestyle and conditions through self-reliance
- To foster innovation and creative thinking everywhere
